**Re: Rejection of Administrative Complaint**

Dear [REDACTED]:

This letter is in response to your administrative complaint that was originally filed with the U.S. Department of Justice (DOJ). DOJ received the complaint on April 1, 2008, and referred the complaint to the U.S. Environmental Protection Agency (EPA) Region 6 Office. On June 3, 2008, the regional office forwarded the complaint to EPA's Office of Civil Rights (OCR), which is responsible for reviewing all complaints alleging discrimination. The complaint alleges that the Texas Commission on Environmental Quality (TCEQ) did not adequately evaluate the potential health effects on students attending nearby educational facilities prior to the issuance of an operating permit for the El Paso ASARCO smelter plant.

On January 13, 2009, OCR sent you a letter requesting clarification about your complaint. During a subsequent telephone conversation with you on March 9, 2009, OCR learned that TCEQ voided the operating permit for the El Paso ASARCO smelter plant (permit no. 20345). Since the permit discussed in your complaint has been voided and the smelter plant did not resume operations, the allegations in your complaint are not ripe for investigation. Therefore, OCR is closing this complaint.

OCR is committed to ensuring that recipients of EPA financial assistance operate their programs in compliance with EPA's nondiscrimination regulations. As such, if the permit status changes and you have future concerns about possible discriminatory impacts, a new complaint should be filed with OCR.

If you have questions regarding this letter, please contact Ericka Farrell of the OCR External Compliance Program at (202) 343-9224, via electronic mail at [farrell.ericka@epa.gov](mailto:farrell.ericka@epa.gov), or by mail at U.S. EPA, Office of Civil Rights (Mail Code 1201A), 1200 Pennsylvania Avenue, NW, Washington, DC 20460-1000.

Sincerely,

Dear Mr. Aldrich:

As requested in your letter dated February 6, 2009 we are voiding active New Source Review permit numbers 4151 and 20345. Accordingly, the pending Permit No. 4151 renewal application, revision request, and notification of qualified change request are also voided.

Additionally, as requested the pending application for Federal Operating Permit (FOP) No. 2871 for the Asarco El Paso Plant site authorized under Title 30 Texas Administrative Code (30 TAC) Chapter 122 is voided.

Thank you for informing us of the status of your site. If you have any questions regarding this notice, please contact Mr. Javier Maldonado, P.E. at (512) 239-6047 or Dois Webb, P.E. at (512) 239-1575.
